Dear Professor Surname,

We have a pleasure to inform you that the

**20th International Conference on Functional Equations and Inequalities,**

as previously announced, will be held at the *Mathematical Research and Conference Center (MRCC)* in Będlewo, Poland, from September 17, 2023 (Sunday, arrival in the afternoon) to September 23, 2023 (Saturday, departure after lunch). The conference is organized by the *Department of Mathematics of the Pedagogical University of Krakow*.

The conference is addressed especially to people interested in functional equations and inequalities but also in all other related topics. In view of your acknowledged contribution to the field we are pleased to invite you to participate in this conference!

Following the practice of previous meetings, only plenary sessions are planned (no parallel ones), with a few invited longer lectures and regular 20 minutes talks. Moreover, some time will be scheduled for problems and general remarks. This year we return to a traditional, on-site form of the conference.
